Challenge! Innovation! & Improvement!

We at Mitsubishi Electric have been working on the automotive equipment for 80 years.

Always thinking of pioneering cars of the times we have continued to take on challenges for innovative ways to make them happen. To find out international trends and reflect them timely and flexibly and also to build up a solid foundation less vulnerable to the deterioration of environment we have defined

„Challenge, Innovation & Improvement“ as the basics of our operations. whereby we are aiming to be an

„Eco-conscious global enterprise serving for creation of an enriched society“ and wish to contribute to the development of society.

NO COUNTERFEIT PARTS

Mitsubishi Electric offers genuine quality parts for replacement & repair.

The „No Counterfeit Parts“ movement led by Japan Auto Parts Industries Association (JAPIA) seeks to bar imitation motor parts increasing rapidly in the global market.

We strongly support this activity and make unremitting efforts for elimination of the imitations.

MITSUBISHI ELECTRIC AUTOMOBILAUSRÜSTUNG

Herausforderung! Innovation! Fortschritt!

WER WIR SIND

Wir bei Mitsubishi Electric arbeiten seit 80 Jahren auf dem Gebiet der Automobilausrüstung. Basierend auf den wegweisenden Fahrzeugen der Vergangenheit, stellen wir uns weiterhin der Herausforderung, innovative Wege zu finden und diese zu beschreiten. Um internationale Trends zu erkennen, diese zeitnah und flexibel zu reflektieren und ein solides Fundament mit weniger schädlichen Umweltauswirkungen aufzubauen, „Herausforderung, Innovation und Fortschritt“ als Grundlagen unserer Tätigkeit definiert. Dabei sind wir bestrebt, ein „umweltbewusstes globales Unternehmen“ zu sein und einen Beitrag zur Entwicklung der Gesellschaft zu leisten.

KEINE GEFÄLSCHTEN TEILE

Mitsubishi Electric bietet Original-Ersatzteile für Austausch und Reparatur.

Die Bewegung „No Counterfeit Parts (Keine gefälschten Teile)“ wird von der Japan Auto Parts Industries Association geleitet (JAPIA) versucht, den schnell ansteigenden Absatz nachgebildeter Motorteile auf dem Weltmarkt zu verhindern.

Wir sind uneingeschränkte Unterstützer dieser Initiative und unternehmen unablässige Anstrengungen zur Bekämpfung dieser Nachbildungen.

KIM JESTEŚMY

W Mitsubishi Electric zajmujemy się wyposażeniem pojazdów od 80 lat. Od samego początku jesteśmy pionierami innowacji samochodowych. Aby być na bieżąco z międzynarodowymi trendami oraz reagować na nie w sposób szybki i elastyczny, a także by zbudować solidne fundamenty, odporne na niekorzystne warunki, opracowaliśmy filozofię „Wyzwań, innowacji i udoskonalień”, na której opieramy całą naszą działalność.
